MEMORANDUM

Construction Memo 05-10

TO: Chief District Engineers
District TEBMs for Project Delivery & Preservation
District Section Engineers
Central Office Construction

FROM: Steven Criswell, P.E. *Steven Criswell*
Director, Division of Construction

DATE: June 1, 2010

SUBJECT: FHWA-47

The Federal Highway Administration issued a memorandum on May 22, 2007 discontinuing the submittal requirements for the FHWA-47(PR-47) form. Previously, the FHWA-47 form was required on all federally funded projects on the National Highway System that totaled over \$1million and was emphasized by Construction Memo 04-06. The form required contractors to provide quantities of materials, supplies and labor that were used on construction projects.

This memorandum is to reaffirm that the FHWA-47 form is no longer required and **voids** Construction Memo 04-06 dated April 27, 2006.

Please contact this office with any questions that you may have.
